

Pre-conference educational day
(Thursday, November 20)

Annual meeting

Friday, November 21 and Saturday,
November 22 (morning)
with key lectures on definition, causes,
consequences of and solutions to
non-adherence

European Society for Patient
Adherence, **COM**pliance,
and **P**ersistence

Hosted by

18th
Annual Meeting

20 – 22 November 2014
Alpha-palmiers Hotel
Lausanne, Switzerland

Pre-conference educational day

Thursday, November 20

| | |
|-------------|--|
| 9:00-9:30 | Registration and welcome |
| 9:30-17:00 | Parallel sessions: Workshop 1, advanced level course: Development, implementation and evaluation of large system, scalable adherence interventions Speaker: <i>Prof. Leah Zullig, Duke University and Durham Veterans Affairs Center for Health Services Research in Primary Care, US</i> Workshop collaborators: <i>Prof. Sabina De Geest, Dr Liset van Dijk, Prof. Marijn de Bruin, Dr Bart van den Bemt, Dr Marie P. Schneider</i> (Requirements for participation: knowledge in behavioral theory & interventions) Workshop 2 on statistics: Longitudinal description of the three elements of medication adherence Speakers: <i>Dr Delphine Courvoisier, University of Geneva, Switzerland; Dr Isabella Locatelli, University of Lausanne, Switzerland; Prof. Bernard Vrijens, University of Liège, Belgium; Dr Eric Tousset, AARDEX Group, MWV Healthcare Company, Belgium.</i> |
| 12:00-13:00 | Lunch break |
| 17:30-18:30 | Review of the past 12-month literature on medication adherence Organizers: <i>Dr Liset van Dijk, Dr Bart van den Bemt, Dr Hanneke Zwikker, Dr Marcia Vervloet, Dr Annemiek Linn, Dr Rob Heerdink</i> <i>Open to all ESPACOMP symposium attendees</i> |
| 18:30 | Welcome drink party <i>Open to all ESPACOMP symposium attendees</i> |

Symposium

Friday, November 21

| | |
|-------------|--|
| 8:00 | Registration |
| 09:15-09:30 | Welcome |
| 09:30-10:30 | JM Métry lecture A multilevel perspective of health behavior in transplantation: New insights from genomics and health care system research. <i>Prof. Sabina De Geest, School of Nursing, University of Basel, Switzerland and University of Leuven, Belgium</i> |
| 10:30-11:00 | Coffee break |
| 11:00-12:30 | Key lecture and selected abstracts on efficacy, effectiveness and cost-effectiveness of medication adherence interventions Research on adherence promotion in clinical practice. Strategies and findings. <i>Prof. Dennis Drotar, Department of pediatrics, Cincinnati Children's Hospital Medical Center, US</i> |
| 12:30-13:30 | Lunch break combined with poster session |
| 13:00-14:00 | Poster walk presentations |
| 14:00-15:30 | Key lecture and selected abstracts on new care models The introduction of novel anticoagulants for atrial fibrillation patients: need for new care models to improve adherence. <i>Prof. Hein Heidbuchel, University of Leuven, Belgium</i> |

| | |
|-------------|---|
| 15:30-16:00 | Coffee break |
| 16:00-17:30 | Key lecture and selected abstracts on research translation into clinical practice Medication adherence in medicine: not just a question of taking a pill. <i>Prof. Michel Burnier, University of Lausanne, Switzerland</i> |
| 17:30-18:30 | ESPACOMP board meeting |
| 19:00 | Evening dinner |

Saturday, November 22

| | |
|-------------|---|
| 9:00-10:30 | Key lecture and selected abstracts on determinants of patients' adherence Using the healthcare system to our advantage: large simple clinical trials in adherence improvement research. <i>Prof. Niteesh K. Choudhry, Harvard Medical School, Boston, US</i> |
| 10:30-11:00 | Coffee break |
| 11:00-12:30 | Key lecture and selected abstracts on combination of different adherence measures Combination of different adherence measures: scientific rationale and added value on method validity. <i>Prof. Jean-Jacques Parienti, University of Caen, France</i> |
| 12:30-13:00 | Closing |

Deadline for abstract submission: June 9th, 2014
